---

## Summary

Computer Science and Engineering student with hands-on experience in full-stack web development and backend engineering. Skilled in Python, Django, Node.js, and backend API integration through practical internship experience. Adaptable team player seeking opportunities to contribute technical skills to real-world software solutions.

---

## Technical Skills

**Languages:** Python, Java, C++, C, JavaScript

**Web Technologies:** HTML5, CSS3, Django

**Databases:** SQL, SQLite, PostgreSQL

**Developer Tools:** Git, VS Code, Postman, Canva

---

## Experience

### Backend Development Intern

June 2025

#### AlgoXfusion Private Limited – Salem, TN

- Completed an intensive backend internship focused on building, testing, and deploying server-side applications.
- Developed backend services using Node.js and integrated them with Python APIs.
- Managed cloud database storage and schema design using Neon PostgreSQL.
- Used Postman to test, debug, and validate API endpoints for improved system reliability.

---

## Projects

### Amigo – Voice Command Assistant

[Project Link](#)

**Tech Stack:** Python, Flask, Web Speech APIs, Wikipedia API, HTML/CSS

- Built a voice-command assistant connecting browser events with backend Flask scripts for low-latency execution.
- Integrated Web Speech APIs for speech-to-text conversion and text-to-speech responses.
- Used the Wikipedia Python library to dynamically fetch informational summaries from user queries.

### Personalized Food Recipe & Diet Planner

[Project Link](#)

**Tech Stack:** Python, Django, PostgreSQL, HTML5, CSS3, JavaScript

- Developed a full-stack web application for recipe management and personalized 7-day nutrition planning.
- Engineered a Django-based backend algorithm to generate diet plans for weight gain and weight loss goals.
- Designed a PostgreSQL schema to manage user profiles, dietary goals, and recipe information securely.

---

## Education

### Bachelor of Engineering in Computer Science and Engineering

*Sri Ramakrishna Institute of Technology, Coimbatore*

2023 – 2027

CGPA: 7.5 / 10

### Higher Secondary School (Class XII)

*KRP Matriculation Higher Secondary School, Namakkal*

Completed 2023

82.17%

---

## Certifications & Workshops

- **Google Cloud Computing** – NPTEL SWAYAM
- **Python Programming Certification** – HCL GUVI
- **Web Development Workshop** – National Institute of Technology (NIT), Trichy
- **AR/VR Development** – Machenn Innovations Pvt Ltd
